## EDUCATION

Self Taught through life  
experience:

Borrowing techniques through  
trades I have worked  
throughout life:

- Pipefitting
- Woodwork
- Roofing
- Aircraft maintenance
- Structural maintenance

## Mediums favored

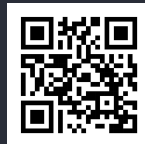

Soft metals: copper,  
aluminum, brass, bronze,  
wire, sheet metal, meshes  
Semi precious stones  
Found objects  
Wood  
Two-part epoxy

The materials utilized for  
the works, are reclaimed,  
upcycled or purchased  
from industrial suppliers  
and hardware businesses

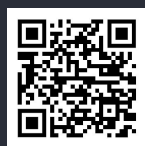

## ABOUT ME

I have always had a love for the reddish metal, copper. Most of my earlier work was done joining metal using cold methods. Since then I have discovered, various metals, wire, clay, quartz crystal, 2-part table-top epoxy, wood. The list goes on. Utilizing life experience though various learned professions such as pipe cutting, woodwork, metal corrosion, metal etching, structural maintenance, and simply being imaginative and observant has lead me down this path of creativity.

## Residency

Motherbrook Art  
Studios  
123 High Street  
Dedham, MA.  
2022 - present

Vernon Art  
Studios  
6 Vernon Street  
Somerville, MA.  
2019 - 2022
